

Product Description

300 low voltage connectable LED cluster Christmas lights 10 metres long on a durable black rubber cable. These cluster lights are designed for indoor and outdoor use for an extended period of time. Ideal to use on Christmas trees, in garden, along the mantle or stair rails. As a part of our low voltage series, these cluster lights require a low voltage transformer (sold separately).

Connect 1 set of cluster lights with a 20W transformer, up to 2 sets together with a 40W transformer and up to 4 sets with a 60W transformer. Available in ice white and warm white colour.

Clear plastic with indent to protect and disburse lights evenly

Sealed plastic housing holding the two connectors

Screw Cap

Male Connector

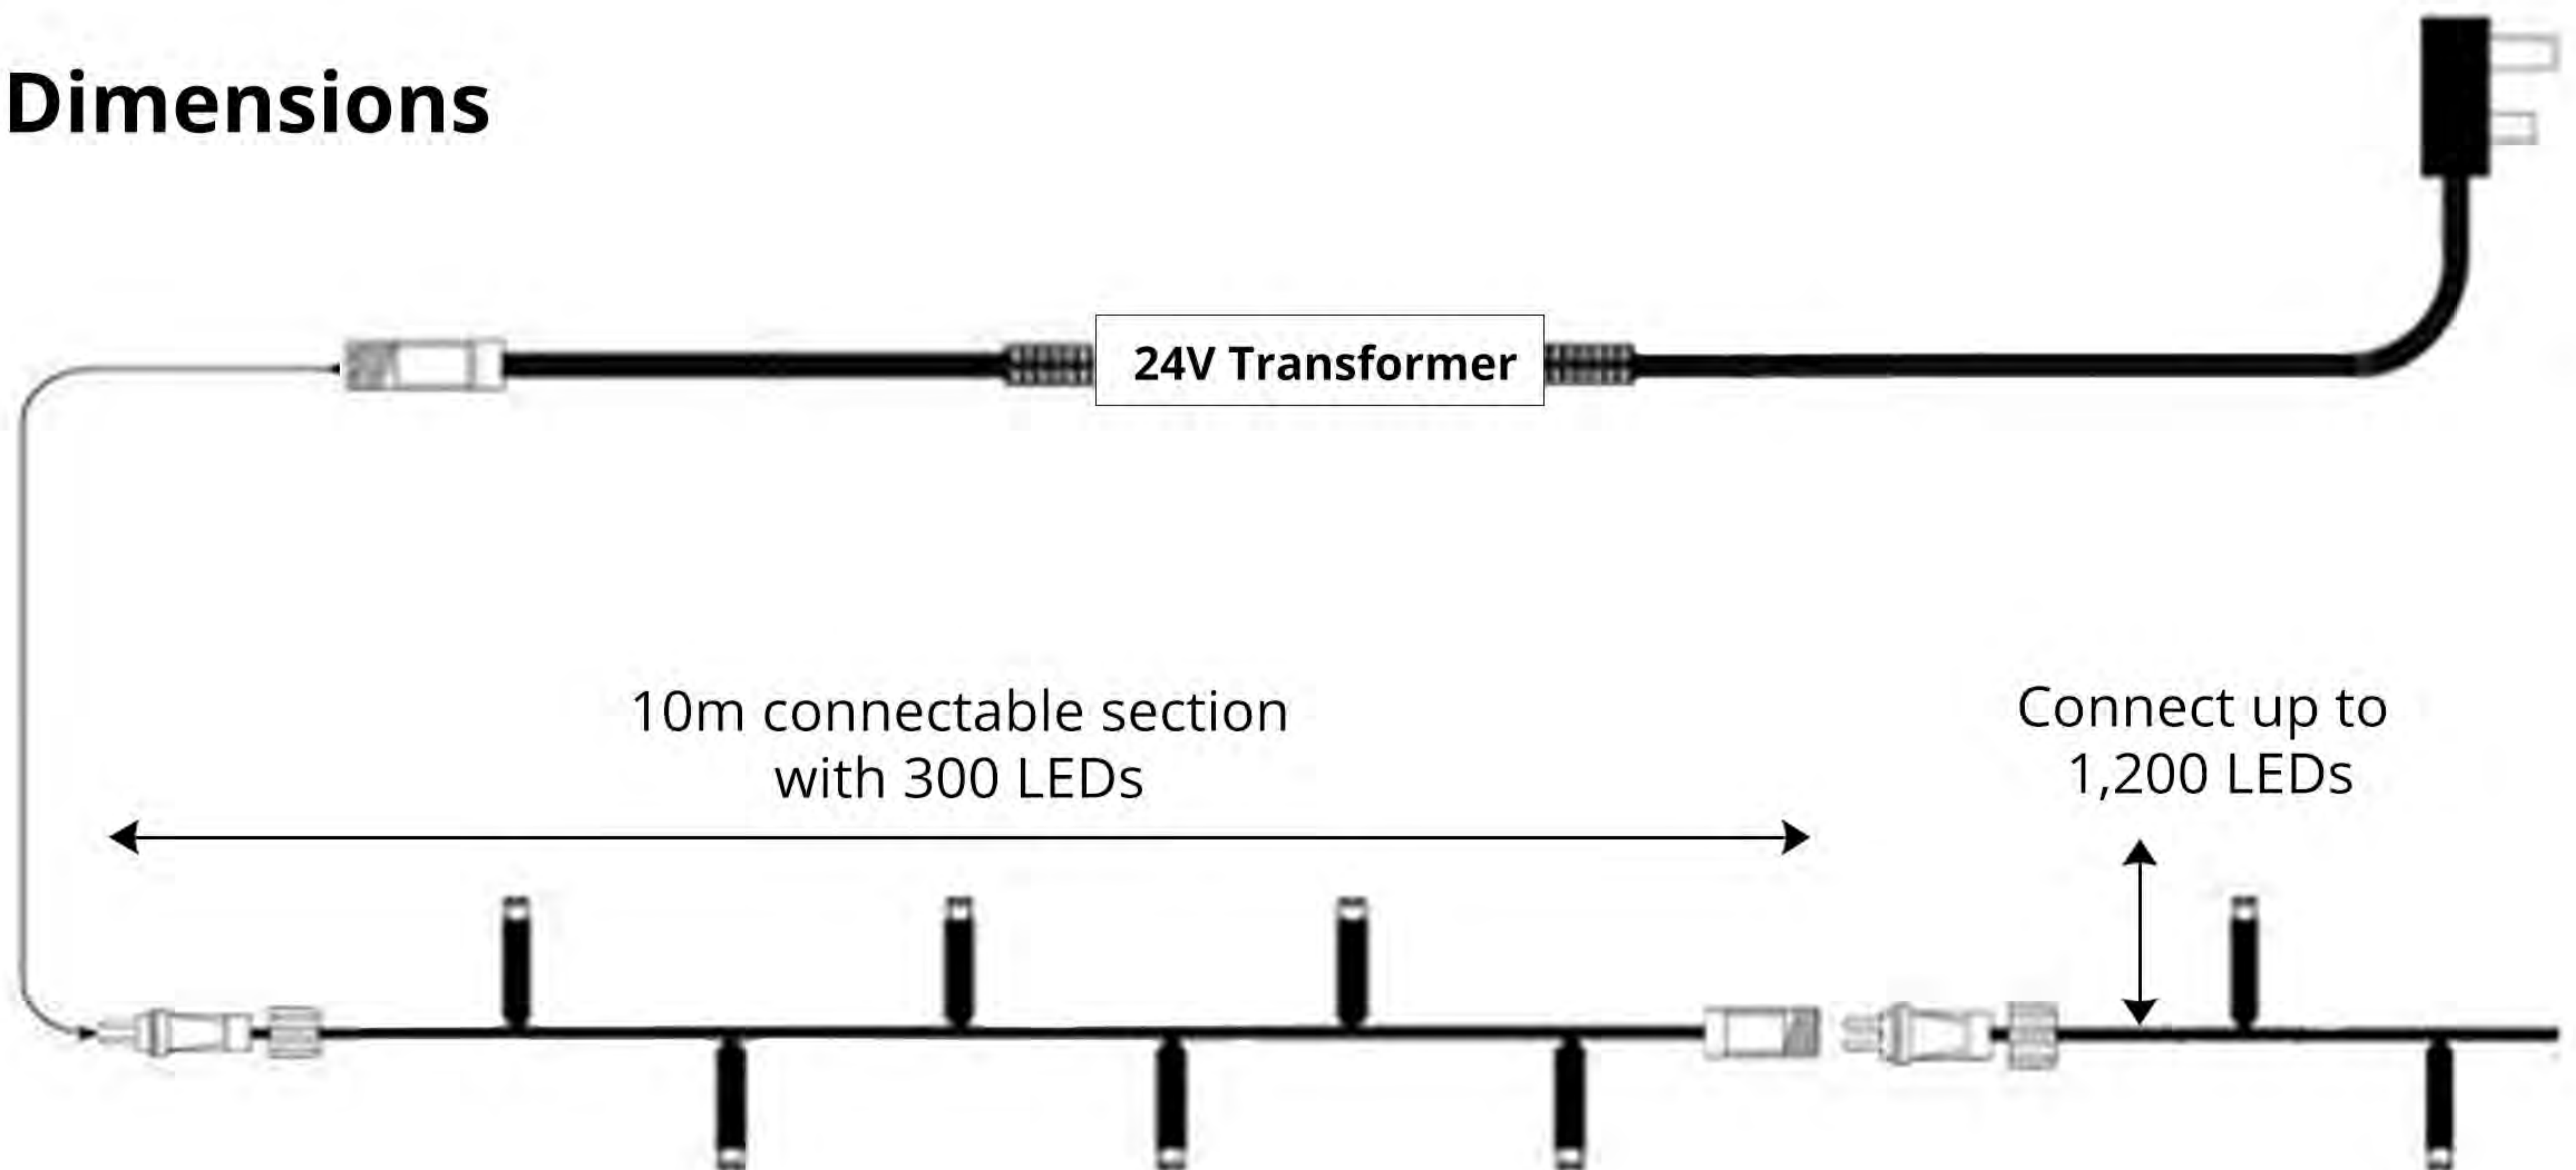

Female Connector
