RGB Twinkly Pro LEDs, are fully programmable with app, Control on site or remotely. Map lights to create your own programs and sequences and can be connected to respond to music.

Wall Mounted Woodland Reindeer's

A set of life size animatronic reindeer heads in wall mounted stable units. They can be programmed to perform a show where they interact with each other for a realistic performance. Generic audio tracks available or you can write your own. 3 reindeer heads are our most popular format, but choose from 1 to....many, the choice is yours! These characters are supplied with powered speakers, Mp3 player, micro SD card and a lit LED start button.
