

Product Description

High-performance LED curtain lights with a 3 metre drop and 2 metre width, featuring 555 bright LEDs arranged over 15 vertical strings. Available in ice white or warm white, these lights deliver a stunning vertical light effect, ideal for backdrops, building facades and seasonal installations. Built on a durable white rubber cable and rated IP65, they are designed for indoor and outdoor use in all weather conditions. The static light output creates a clean, elegant glow for both festive and year-round applications. As part of a connectable system, you can link up to 6 sets (3,330 LEDs) from a single power source, making them ideal for wide coverage and large-scale displays.
