

## Product Description

Create impactful festive displays with these 6-metre drop connectable LED curtain lights, featuring 855 LEDs arranged across 15 vertical strings and a 2-metre width. Emitting a soft warm white glow with subtle ice white flash effects, these lights add elegance and sparkle to large walls, building exteriors and event backdrops. Built on a durable white rubber cable and rated IP65, they are suitable for indoor and outdoor use in all weather conditions. The static with flash effect delivers steady illumination with eye-catching highlights. Connect up to 6 sets (5,130 LEDs total) from a single power source for seamless, large-scale installations.
