CONNECTABLE 10 METRE FESTOON LIGHTS HARNESS

Product Description

10-metre festoon harness featuring 20 B22 lamp holders, evenly spaced at 50cm intervals along a durable black rubber cable. Designed for outdoor and commercial use, this harness is mains powered and includes a power lead for quick setup. Its connectable design allows you to link up to 20 sets (200 metres) for large-scale lighting installations. Rated IP44, it provides weather-resistant performance for year-round use. Compatible with a wide range of B22 LED bulbs (sold separately), making it easy to customise the style and colour of your lighting for any occasion.
