

Product Description

600 LED cluster Christmas lights on a 9 metre black rubber cable, designed to deliver intense, even illumination for festive displays. Available in ice white or warm white, these densely spaced LEDs provide high-impact lighting for trees, fences, rooflines and event décor. Built-in male and female connectors allow you to link up to 5 sets together, offer a maximum of 3,000 LEDs from one power source. The 1.5-metre power lead ensures flexible placement, while the static light effect delivers a steady, bright glow. Rated IP65, these cluster lights are weather resistant and ideal for both residential and commercial outdoor use.
