

FANTASY LIGHTS GROUP®

LETO | Solar Bollard Light

LETO solar bollard light delivers a high brightness output with one-sided lighting output. It has a very elegant aesthetic design with all the components integrated as one unit. It offers 12 hours full night operation with big battery capacity up to 3 days backup. The motion sensor is equipped to save more energy in challenge weather. Solar panel is protected by the polycarbonate dome reaching to IK10 grade. The mission of MUSE is to comply with the requirement of the Dark Sky Association by limiting the upward light waste ratio (UWLR) to <1%. Limiting upward light reduces environmental light pollution and protects the view of our night sky for all.

We also offer the LETO Solar bollard light in a wildlife-friendly version retaining all the features of the original product. Wildlife-Friendly lighting is specifically designed to minimise the ecological impact on animals and insects.

Main Feature

Lighting Distribution Pattern

Model	LETO
Lighting performance	1.5W >280lm
Solar panel	5V 6.2W
Product size	Φ 275*900mm
CCT	2200K~6500K
LiFePO4 battery	3.2V 12AH
Charge & discharge time	5 & >24 hours
Fixture color	Black /Grey
Certificates	CE IP65 IK10
Warranty	5 years

36 hours backup with fully charged battery

LED power is automatically adjusted to save energy

Dusk to Dawn automatically ON/OFF

LiFePO4 battery inside more than 10 years lifetime

Equipped PIR motion sensor to save energy

High luminous flux output up to 280lm performance

Working Mode
